

# Pet Medication: Dosage & Instructions

Pawz N Clawz Pet Accommodation is fully committed to the health and safety of each and every one of its guests. Please follow our guidelines for all medications and ensure you bring enough for the duration of their stay plus a little extra in case you should need to extend their booking whilst you're away:

## **NON-PRESCRIPTION ORAL AND TOPICAL TREATMENTS**

Dosage, frequency and type of medication (pill, ointment, chew, drops) must be clearly written for each guest

## **PRESCRIPTION ORAL AND TOPICAL MEDICATIONS**

Prescriptions must be in original packaging or container. Veterinarians dosage and frequency instructions must be clearly written on the prescription packaging by the prescribing vet.

## **INJECTABLE MEDICATIONS**

We are more than happy to administer injection medications and all staff have been trained to carry this out. If your pet requires injections, please bring all medications clearly labelled and provide a sharps container for the duration of their stay with us.
